

simPlugins Panel Builder Software Activation

This document describes how to activate your Panel Builder Software (Download Version).

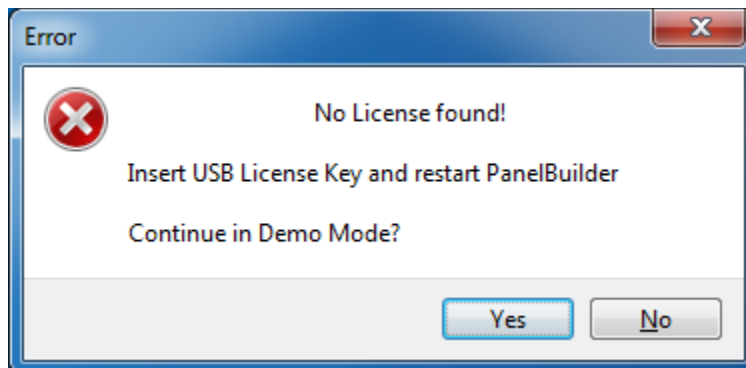

Software Activation is a 2 Step process:

- Step 1 – Request an Activation Code
- Step 2 – Activate Panel Builder using received Activation Code

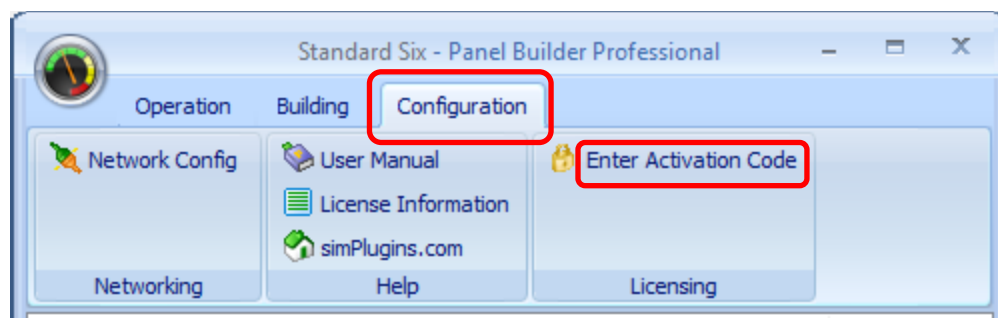

Step 1 – Request an Activation Code

After your purchase of Panel Builder from one of our resellers, you will receive a Serial Number with your order or purchase confirmation. This Serial Number identifies you as having purchased a copy of Panel Builder. Without this Serial Number you cannot activate Panel Builder. If you haven't received a Serial Number with your purchase, contact your reseller.

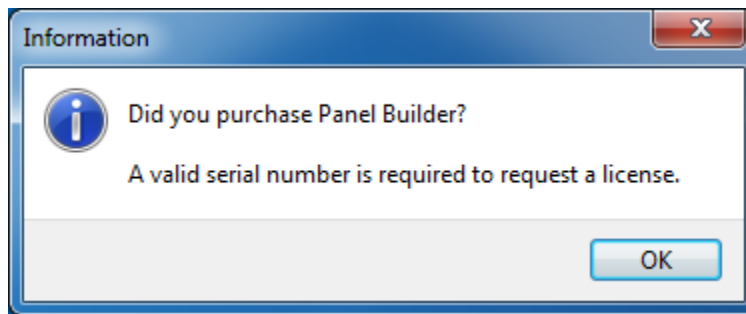

When Panel Builder starts the first time after installation, the software is checked if it has been activated. The following message appears if no activation is found:

Click on the [Yes] button. Then select **Configuration** and **Enter Activation Code** from the menu.

The following information is displayed:

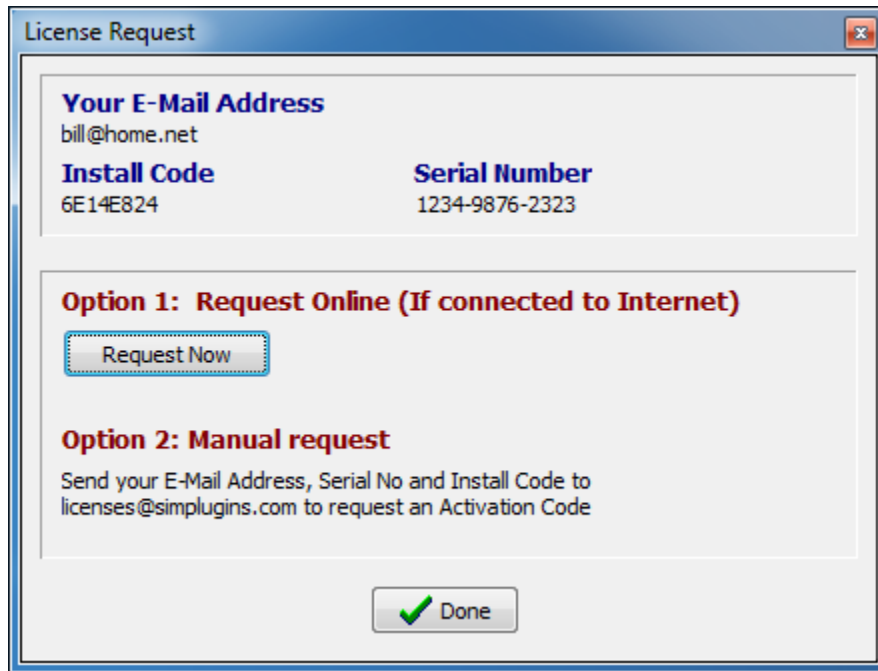

Locate your Serial Number you should have received with your purchase and click on [OK].

A dialog box titled "Enter Activation Code" with a close button (X) in the top right corner. The dialog is divided into two sections. The first section is titled "Step 1: Request Activation Code" in bold red text. It contains two input fields: "Enter E-Mail Address" and "Enter Serial Number (received with order confirmation)". Below these fields is a button labeled "Request Activation Code". The second section is titled "Step 2: Activate Panel Builder" in bold red text, with the subtitle "(After receiving Activation code)" below it. It contains two input fields: "Enter E-Mail Address" and "Enter Activation Code". Below these fields is a button labeled "Activate". At the bottom center of the dialog, there is a button with a green checkmark icon and the text "Done".

Under Step 1: Enter your E-Mail address and the *Serial Number* you have received with your order and click on [Request Activation Code]

DO NOT ENTER ANYTHING UNDER STEP 2 – THIS WILL BE DONE LATER!

The image shows a 'License Request' dialog box with a blue title bar and a close button in the top right corner. The main content area is divided into two sections. The first section displays the user's information: 'Your E-Mail Address' (bill@home.net), 'Install Code' (6E14E824), and 'Serial Number' (1234-9876-2323). The second section offers two options: 'Option 1: Request Online (If connected to Internet)' with a 'Request Now' button, and 'Option 2: Manual request' with instructions to email the details to licenses@simplugins.com. At the bottom center, there is a 'Done' button with a green checkmark icon.

Your E-Mail Address	
bill@home.net	
Install Code	Serial Number
6E14E824	1234-9876-2323

Option 1: Request Online (If connected to Internet)
Request Now

Option 2: Manual request
Send your E-Mail Address, Serial No and Install Code to licenses@simplugins.com to request an Activation Code

Done

You have 2 options, either click on [Request Now]. This will send the request directly if you are connected to the Internet. Or if you are not connected to the Internet, make a note of your E-Mail Address, the Install Code and the Serial Number as displayed and send an e-mail to the e-mail address shown on the form.

Now you can click [Done], and then [Done] again.

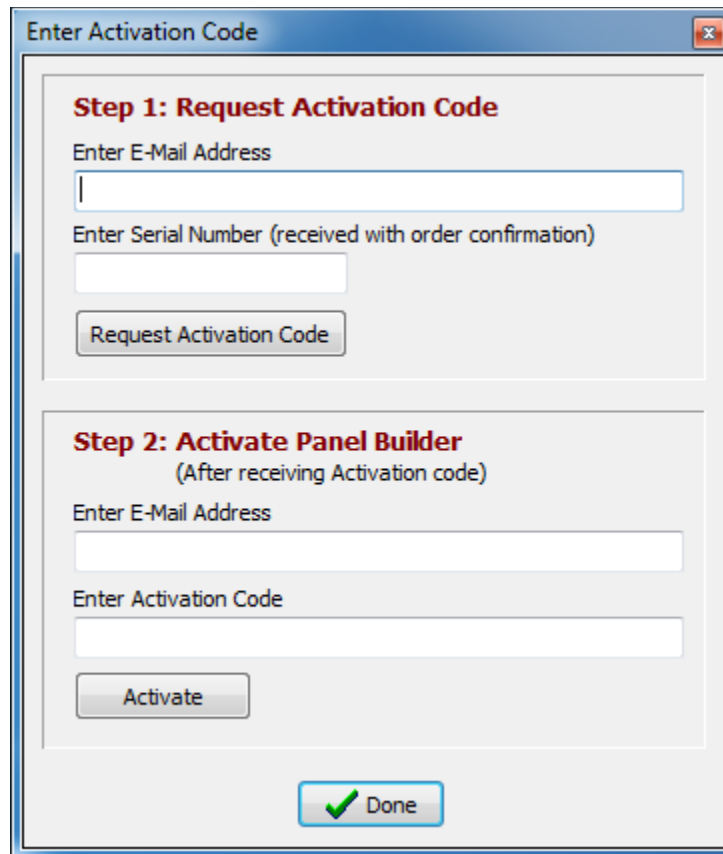

NOW YOU HAVE TO WAIT UNTIL YOU RECEIVE THE ACTIVATION CODE VIA E-MAIL.

In the meantime you can use Panel Builder in Demo Mode.

Step 2 – Entering the Activation Code

STOP! DO NOT CONTINUE UNTIL YOU RECEIVE YOUR ACTIVATION CODE VIA E-MAIL.

After receiving your Activation code, start Panel Builder and go again to **Configuration** and **Enter Activation code**.

Enter Activation Code

Step 1: Request Activation Code

Enter E-Mail Address

Enter Serial Number (received with order confirmation)

Request Activation Code

Step 2: Activate Panel Builder
(After receiving Activation code)

Enter E-Mail Address

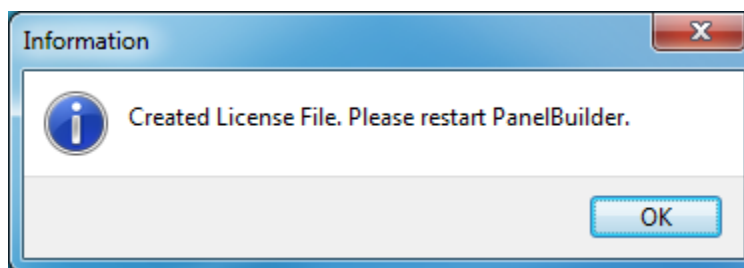

Enter Activation Code

Activate

Done

Under Step 2: Enter the same E-Mail address you have used for Step 1 and the **Activation Code** you have received via E-Mail and click on [Activate]. DO NOT enter the Serial Number here!

You will receive the following message:

Click on [OK], then on [Done] on the previous form. Now restart Panel Builder.

This completes activating Panel Builder. Happy Flying!
